Subject: RE: Request for GIS help

Thanks and I will inform Jon. Please do not ask Angel to do more GIS analysis. We got Miranda Hodgkiss and the contractors that could support us. Thanks

Subject: Request for GIS help

This email signifies a request for GIS help from Angel Kosfiszer in the Water Division, Region 6. We need Angel to create a map that plots National Park Service sediment samples in San Juan county alongside EPA's sampling sites on the Animas and San Juan rivers. This work is in support of EPA Region 6 response to the King Gold mine spill.
